Greetings!

We are working with the University of Alaska, Alaska Pacific University, and Ilisaġvik College to offer college credits to our high school students. In general, once approved, 15 hours of instruction earns one college credit.

As a High School student in the Anchorage School District, you are invited to join the Alaska Native Heritage Center's After School High School Program (HSP). For going on two decades, the High School Program has provided a positive cultural environment for Anchorage-area students through cultural education, leadership, and community collaboration. The High School Program, winner of the President's *Coming Up Taller Award*, responds to the needs of the community by using culturally appropriate teaching methods to provide our young Native students with relevant content and intergenerational learning from within the Native community. These teaching methods are done in an atmosphere of acceptance, where exploration is invited, and students feel safe.

Classes in traditional and contemporary Alaska Native Visual Art, Circumpolar Native Games, Alaska Native Dance, Alaska Native Language, Alaska Native Self Defense, Alaska Native Crime Scene Investigation, and other topics are offered each day. We plan to add many more excellent classes such as Marketing, Alaska Native Digital Story Telling, Media, and Tourism. Each class follows an individual curriculum that aligns with federal standards of education. Past students have found proven success in academics, communication, creativity, and self-confidence, boosting graduation rates and fostering future leaders for Alaska. Our Native Games students have won several medals and hold WEIO and NYO records. Our Art Students have won prestigious awards. Dance students can become members of the ANHC Dance Troupe, and many HSP students are hired as full time interns during the Heritage Center's summer season! Those who accrue 120 hours in our program can receive a 0.5 elective credit through the Anchorage School District's Credit by Choice Program. We also hope to have several education related field trips again this school year. These field trips have been well attended and popular.

The fall, winter, and spring program is offered September through April with classes occurring Monday through Thursday from 3:00 to 5:00 pm. We observe all ASD closures. Not only is it free to participate, but transportation, books, supplies, and snacks are also provided. ANHC shuttles are at the school flag poles at each high school between 2:00 and 2:25 pm. There are numerous ways of learning more about our HSP. Counselors and Indian Education tutors can describe the program, and even help you fill out and turn in an application. Teachers of our high school program schedule recruitment visits at the high schools. Ask your counselor or Indian Ed tutor when the next visit is. Some of your classmates may attend the program; ask them what it's like! You can also contact the Alaska Native Heritage Center for more information.

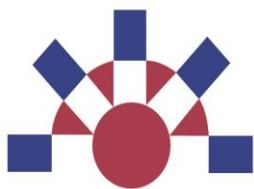

If you are interested in the program, visit our website at www.alaskanative.net, talk to your counselor, or contact Michelle Trefon (see below). Completed applications can be mailed (or scanned and e-mailed to the address below or turned into your school counselor. We look forward to having you or your student as part of our after school High School Program and welcoming you to the Alaska Native Heritage Center family!
